

WLVNA CATERING TRAINEES

Name: Dudu Gladys Oyoboyo

DEPARTMENT: Catering

HOW I FELT WHEN I WAS CHOSEN FOR THE PROGRAM

I felt so lucky to be chosen for this program, because I know how expensive it is to be trained in such caliber, and given a starter pack. Therefore I didn't take it for granted.

WILL WHAT I HAVE LEARNT BE USEFUL AFTER GRADUATION IN JANUARY?

This training has become useful to me, since I have started production in my little way locally. And I have started impacting lives in my Church, and with the teenagers, as I was privileged to give brief orientations during their teens week in July 2024 on how to make some pastries.

MY PLANS AFTER GRADUATION

After graduation, I have a vision to explore more, and I also plan to make a business out of the knowledge acquired in this training and hopefully make use of my NABTECH Examination result.
