

Warri Ladies Vanguard Trainee Testimonial (Tailoring)

NAME: Olowu, Maureen Joy Ese

DEPARTMENT: Tailoring

HOW I FELT WHEN I WAS CHOSEN FOR THE PROGRAM

I felt very excited and grateful to be chosen to be a part of the Warri Ladies Vanguard, North American Branch training for 2024. I knew this was a great opportunity that had come my way and I was ready to take up the challenge.

WILL WHAT I HAVE LEARNT BE USEFUL AFTER GRADUATION IN JANUARY?

Absolutely! As humans, one of our basic needs include clothing, hence, humans will never stop wearing clothes. Seeing that clothing is an essential commodity in the life of people, I will always have the opportunity the training which I have received into use, even after graduation in January.

MY PLANS AFTER GRADUATION

My plans after graduation will be to do the following if possible:

1. Rent a shop at a strategic location.
2. Equip the store with my tools to work such as an industrial sewing machine, thread, needles, scissors, tailors chalk, measuring tools, pins and pin cushions, rotary cutter, etc., as well as any other tools I can lay my hands on
3. Stock the shop with some materials such as linen, threads, and other essentials which I can sell alongside my line of work.
4. Sewing for clients at a fee.
5. Train more to get better at what I do.
6. Give back to the society by God's grace.

SAMPLE OF WORK DONE

CONCLUSION

In all, this has been a wonderful and eye opening experience. I thank God for using you all the Warri Ladies Vanguard, North America to bless me with such an opportunity. Thank you once again!.
